

## New & Noteworthy

Fifteen years ago, I completed New Ventures entrepreneurial training, created and photographed a dozen flat-lay designs with a hundred heart rocks, and went to market with the first 12 note cards.

258 designs, 11 product lines, and over a thousand heart rocks later, here we are!

While you'll find new art to celebrate our nation's 250th birthday as well as several other new products (including sand dollar coasters), I'm now focusing on making all of the many existing products the best they can be. This translates to a more finished look for the note cards with colorful borders and using tints of color when a design can benefit from this update; the Get Well cards are much more cheerful now, the schooner trivet looks fab with a blue hull, and the flamingo rocks the pink!

Thank you! It's been a joy growing our businesses together. Your feedback is always welcome and appreciated.

**MAINE**

You're just a rugged, homespun State  
Perched on the nation's edge -  
A stretch of woods, of fields and lakes,  
Of ocean-pounded ledge.

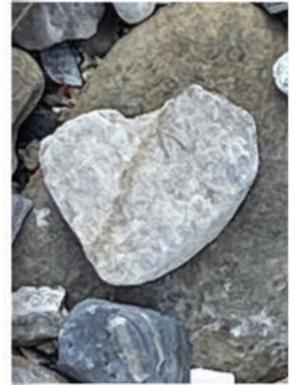

But rugged deeds and rugged men  
You've nurtured for your own;  
Much good the world has harvested  
From broadcast seeds you've sown.

And so, we love you, rugged State;  
We love your smiling skies;  
We love you for your deep-piled snows,  
Your jagged coast we prize.

We love you for the lofty seat  
You've reared 'neath heaven's dome;  
But best of all, we love you, Maine,  
Because you're Maine - and Home!
